9 September calendar grid showing days of the week and collection status.

10 October calendar grid showing days of the week and collection status.

11 November calendar grid showing days of the week and collection status.

12 December calendar grid showing days of the week and collection status.

1 January (2027) calendar grid showing days of the week and collection status.

2 February (2027) calendar grid showing days of the week and collection status.

3 March (2027) calendar grid showing days of the week and collection status.

4 April (2027) calendar grid showing days of the week and collection status.

5 May (2027) calendar grid showing days of the week and collection status.

6 June (2027) calendar grid showing days of the week and collection status.

7 July (2027) calendar grid showing days of the week and collection status.

8 August (2027) calendar grid showing days of the week and collection status.

9 September (2027) calendar grid showing days of the week and collection status.

10 October (2027) calendar grid showing days of the week and collection status.

11 November (2027) calendar grid showing days of the week and collection status.

12 December (2027) calendar grid showing days of the week and collection status.

1 January (2028) calendar grid showing days of the week and collection status.

2 February (2028) calendar grid showing days of the week and collection status.

3 March (2028) calendar grid showing days of the week and collection status.

4 April (2028) calendar grid showing days of the week and collection status.

5 May (2028) calendar grid showing days of the week and collection status.

6 June (2028) calendar grid showing days of the week and collection status.

7 July (2028) calendar grid showing days of the week and collection status.

8 August (2028) calendar grid showing days of the week and collection status.

9 September (2028) calendar grid showing days of the week and collection status.

10 October (2028) calendar grid showing days of the week and collection status.

11 November (2028) calendar grid showing days of the week and collection status.

12 December (2028) calendar grid showing days of the week and collection status.

1 January (2029) calendar grid showing days of the week and collection status.

2 February (2029) calendar grid showing days of the week and collection status.

3 March (2029) calendar grid showing days of the week and collection status.

4 April (2029) calendar grid showing days of the week and collection status.

5 May (2029) calendar grid showing days of the week and collection status.

6 June (2029) calendar grid showing days of the week and collection status.

7 July (2029) calendar grid showing days of the week and collection status.

8 August (2029) calendar grid showing days of the week and collection status.

9 September (2029) calendar grid showing days of the week and collection status.

10 October (2029) calendar grid showing days of the week and collection status.

11 November (2029) calendar grid showing days of the week and collection status.

12 December (2029) calendar grid showing days of the week and collection status.

1 January (2030) calendar grid showing days of the week and collection status.

2 February (2030) calendar grid showing days of the week and collection status.

3 March (2030) calendar grid showing days of the week and collection status.

4 April (2030) calendar grid showing days of the week and collection status.

5 May (2030) calendar grid showing days of the week and collection status.

6 June (2030) calendar grid showing days of the week and collection status.

7 July (2030) calendar grid showing days of the week and collection status.

8 August (2030) calendar grid showing days of the week and collection status.

9 September (2030) calendar grid showing days of the week and collection status.

10 October (2030) calendar grid showing days of the week and collection status.

11 November (2030) calendar grid showing days of the week and collection status.

12 December (2030) calendar grid showing days of the week and collection status.

1 January (2031) calendar grid showing days of the week and collection status.

2 February (2031) calendar grid showing days of the week and collection status.

3 March (2031) calendar grid showing days of the week and collection status.

4 April (2031) calendar grid showing days of the week and collection status.

5 May (2031) calendar grid showing days of the week and collection status.

6 June (2031) calendar grid showing days of the week and collection status.

7 July (2031) calendar grid showing days of the week and collection status.

8 August (2031) calendar grid showing days of the week and collection status.

9 September (2031) calendar grid showing days of the week and collection status.

10 October (2031) calendar grid showing days of the week and collection status.

11 November (2031) calendar grid showing days of the week and collection status.

12 December (2031) calendar grid showing days of the week and collection status.

1 January (2032) calendar grid showing days of the week and collection status.

2 February (2032) calendar grid showing days of the week and collection status.

3 March (2032) calendar grid showing days of the week and collection status.
